The Atlas Group Response to COVID-19/Coronavirus

Spring Hill, FL: As we all face the challenges of COVID-19, we want to let you know that our priority at The Atlas Group is the health of our clients, staff, and the communities we serve.

Many of our clients are still looking at homes, putting their homes on the market, and closing on life's biggest transaction. As your trusted real estate advisors, we are committed to be here for you with the same high level, full-service support you have come to expect.

Fortunately, we live in a digital age where information is readily available - at your fingertips, without leaving your home! As a leader in real estate marketing technology, buyers can digitally view homes online with virtual open houses and meet face-to-face with our agents via FaceTime or Zoom video conference for tours of our well-marketed homes. Offers, contracts, and closings can all be handled online with digital signatures. We are pleased to provide these services to our customers and will continue to adapt to the changing requirements of the current market.

If you are selling a home, you can be confident that your listing will stand out and be seen!

If you are buying a home, set up a free account to receive listing alerts in real time! (<https://listings.homesofhernando.com/idx/usersignup>). If you need assistance getting started, reach out and we are happy to help.

Finally, **The Atlas Group is more than a team; we are a family** committed to supporting each other in reaching our goals. We have implemented a preparedness plan, a mandatory "stay-home" policy, and remote work flexibility for **any of our staff or agents in the higher risk category or exhibiting any signs of illness.** As a family, we are fully committed to the wellbeing of our staff, clients, and the community.

The Atlas Group is actively monitoring the situation, and are always available for any of your real estate needs. So, wash those hands and give us a call! We welcome the opportunity to be of assistance.
